

Best practices 01 :

1. Title of the Practice

“CLEAN CAMPUS GREEN CAMPUS”

2. The context that required the initiation of the practice

Following will help us to implement the green initiatives In order to implement the green initiatives:

1. Such initiatives are possible only by cooperation for those involved. Motivation of employees and students implement green initiatives like minimal use of plastic, switching of lights/fans, use eco-friendly methods of transportation etc are very important.
2. Public transport connectivity is very poor which encourages use of polluting vehicles. This needs to be addressed to encourage green practice
3. Since it's a non-residential campus faculty members and staff members come here on their own cars. The culture of car-pooling needs to be encouraged.

3. Objectives of the Practice

Atal Bihari Vajpayee Govt College is an environmental friendly institution. The College campus located in a clean and pollution-free environment is spread over 5.17 acres. Atal Bihari Vajpayee Govt College is committed to the green movement The College invests all efforts to maintain beautify lush green and clean all around the campus . The Atal Bihari Vajpayee Govt College since its inception, aims to reduce energy consumption, ensure standard indoor air quality, and improve energy efficiency on campus through methods that are consistent with a safe, secure, and involving the Community within the campus.

4. The Practice

Campus-wide initiatives at reducing, reusing and recycling are helping it achieve a green code of living which includes:

- Energy Conservation: The policy on energy conservation highlights on developing a proactive and progressive approach to providing energy efficient, responsible, and cost-effective operations on campus. LED lighting, false ceilings to reduce heat load, as well as abundant natural light makes the building energy efficient.
- Plantations: Lush green and clean all around the campus..
- Scheme for vehicles: We encourage students to use bicycles to come to college.

5. Obstacles faced if any and strategies adopted to overcome them

- In the initial days when this program was launched, not interested was shown by the students and staff.
- In the nearby rural areas where we had set up camps, no help was provided by the villagers.
- Continuous clean and green programs are being run by our college. Due to this, awareness is coming in the rural areas.

6. Impact of the practice

- We have seen that people are becoming aware of cleanliness in the surrounding areas.
- Our college pays special attention to Swachh Bharat Abhiyan and all the students participate in it.
- The NSS unit organizes the camp every year. They also run another campaign in the nearby villages.

7. Resources required

- Good public transport in the neighbourhood is need so that use of cars can be discouraged.
- College needs government support for taking many green initiatives like installing more solar panels, installing automatic switches for saving electricity, equipment for measuring air quality and Recycling machines.

- Motivation amongst students and faculty to not use plastic is less hence regular awareness programmes need conducted. This is possible by support from government.

8. About the Institution

i. Name of the Institution : Atal Bihari Vajpayee Govt College

ii. Year of Accreditation 2020

iii. Address : Atal Bihari Vajpayee Govt College pandatarai Dist Kabirdham

iv. Grade awarded by NAAC : B

Best practices 02:

1. Title of the Practice:

Voluntary Blood Donation to needy people from the marginal sections of the society

2. The context that required the institution of the practice:

The Tehasil Government Hospital (Pandaria) is located very near to the college. Blood donation camp is organized every year in our college by Red Ribbon Club. More and more students and staff also participate in the blood donation camp.

3. Objectives of the practice:

- To inculcate the concept of community service among the students.
- To fulfill the social responsibility of the institution.

- To Educate students about the importance of Blood donation

4. The Practice:

The Tehasil Government Hospital (Pandaria) is located very near to the college. The govt hospital is near to the college. The patients from the weaker sections of the society mostly from the tribal (ST) areas of the district come for treatment to govt hospital. The college made publicity through Red Cross Society, students, staff, old students, parents and other well wishers of the institution to approach the institute for voluntary blood donation in needy time. This activity monitored by the Red Ribbon Club of the college. It gives utmost satisfaction to all the stakeholders of the Institution as this is a life saving donation.

5. Obstacles faced if any and strategies adopted to overcome them:

- At the time of examinations the students are not able to donate blood.
- To overcome this problem the staff members donate the blood.

6. Impact of the practice:

the patients suffering from various diseases like Heart problem, cancer, kidney problems, dengue fever and surgeries for different problems including accidents were benefitted through this programme. As Govt hospital is nearer to college, the students and staff are ready to help in emergency situations by voluntary blood donation.

7. Resources required :

No resources required.
